SUBJECT: SASC Request

1. Rhett Dawson, Staff Director, Senate Armed Services Committee (SASC), has requested information on Soviet exploitation of U.S. press and news stories. Specifically, do the Soviets exploit U.S. press and new coverage that is anti-U.S. or anti-administration in content? Have any studies been done by the CIA that show how this is done?

2. Mr. Dawson would like this information by COB on 17 March 1982.

3. This is per our conversation at 1100 hours, 16 March 1982.
